

The
**Supply
Register**

Helping schools save £7k for every FTE supply teacher they employ through an agency.

A mission to **save schools money on supply staff**

Thank you for taking the time to look at our brochure. I hope that the information contained in the following pages will show you that you've just taken a big step to achieving smarter and more cost-effective supply teacher recruitment at your school.

Firstly, as you may be aware, every academic year a whopping £1.3 billion is spent to cover staff absence in our schools. A key reason for this is that we've seen supply availability, via a pool or bank administered by Local Authorities, fall to as little as 8%. This means that a whopping 92% of supply teacher recruitment is now done through Education Supply Agencies who can charge up to 40% margin for their service.

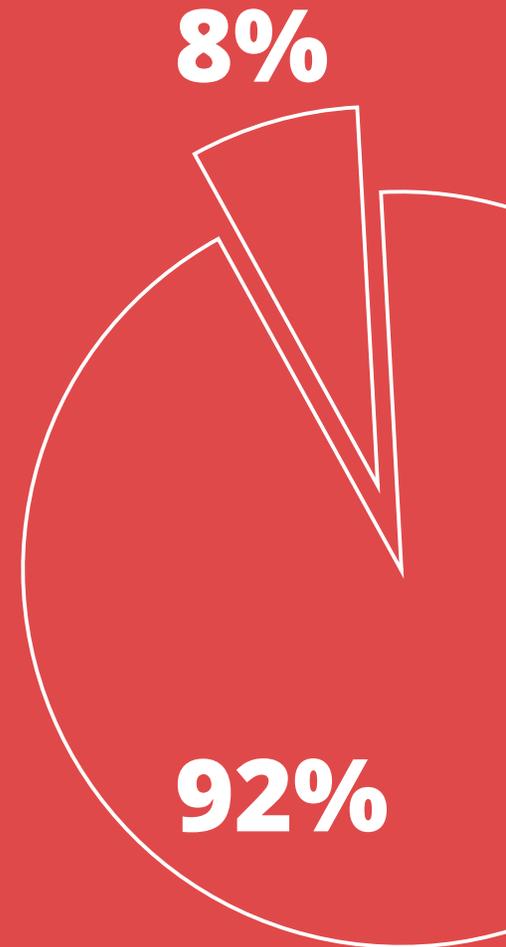

I'm proud that The Supply Register is helping schools to decrease their reliance on these agencies by enabling them to grow a bank of candidates, while automatically contacting the most reasonable agencies if they don't receive a response to their booking requests.

There's no up-front cost or long-term commitment when using The Supply Register's software; just a nominal charge for every day booked through the system.

Managing Director of The Supply Register

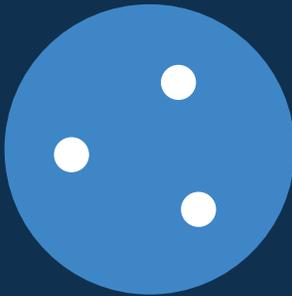

Did you know?

Supply teachers recruited via Local Authority pools or banks have shrunk to 8%... the remaining 92% are recruited from Supply Agencies, who work on a margin of up to 40%.

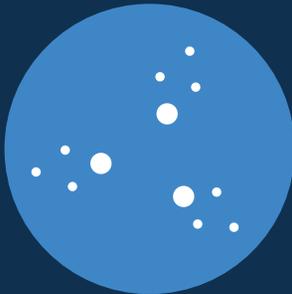

Cost-effective staff cover **in 3 easy steps**

The Supply Register is based on a Bank First principle which ensures that, wherever possible, your school has access to candidates and availability, and can book them without paying for a middleman.

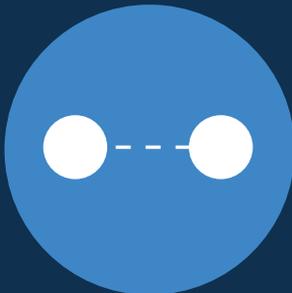

Step 1: **Bank First**

We'll help you to populate your bank with candidates so that the next time there is a vacancy, it will be offered instantly and effortlessly to any suitable bank members.

Step 2: **Wider Bank**

Any unfilled vacancy from step 1 is then offered effortlessly to any suitable members in a Regional or Multi Academy Trust bank.

Step 3: **Agency Bank**

Lastly, handpicked by The Supply Register, the agencies that offer the best value and agree your margin rate will be given the opportunity to provide suitable staff cover.

4 reasons to use **The Supply Register**

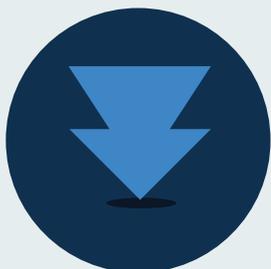

**80% reduction
in procurement
fees**

Whereas agencies need to charge £40 to £80 per day to provide a candidate, The Supply Register is able to bring the cost down to a processing fee of between £6 and £12 per day.

**Best in class
compliance/
safeguarding**

By mirroring your own Safer Recruitment in Education processes, The Supply Register ensures you have up to date reference, disclosure, proof of identity and right to work information at your fingertips.

**Reduce
administration**

The system is 100% transparent and allows you to achieve full vetting and assessment of candidates, payroll and payment administration, and agency management options.

**Get happy,
motivated staff**

By employing a TSR candidate you'll receive someone who is ethically paid and has access to CPD pathways and support. You can even create your own preferred (and "do not send") lists.

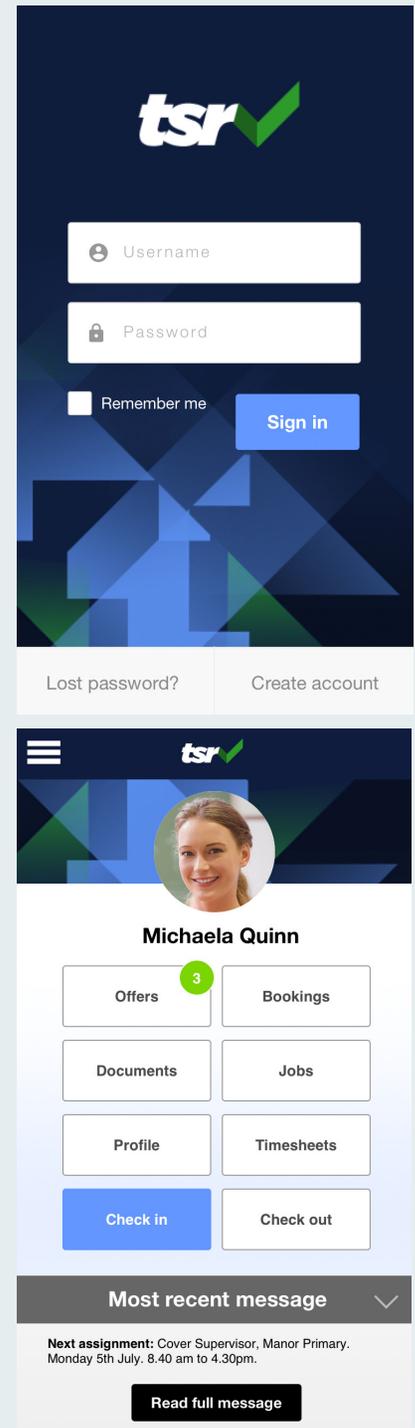

How the software works for your school

Every aspect of The Supply Register is designed to streamline your school's HR processes so that it's not only more cost effective to hire supply staff; but also quicker, easier and more transparent.

What people are
saying about
The Supply Register

We have 20 years' experience in education recruitment and our software already has over 1,000 users, over 10,000 candidates, and more than 4 million hours logged so far. Here's a sample of the feedback we've received so far...

"As somebody who was a Head Teacher for 18 years, an RE Inspector for 13 years, and a tutor of trainee teachers for 20 years, I know that sourcing good supply teachers can be a major headache for any school leader. From what I've seen The Supply Register makes the whole process easier, more transparent and cost-effective and I recommend that you seriously consider it as an option..."
